Dr. Barb Langner
Effie Swanson
Debbie Huske

Discussion of How to Advance the Medical Home Model Using Health Information Technology

- The group discussed the implications of the HIT funding provided in the stimulus bill and how this money could be used in Kansas to advance the medical home model. Dr. Langner informed participants that a new Steering Committee is forming to coordinate the efforts of the medical home stakeholders and the E-health Advisory Council. This Steering Committee will work to prepare Kansas to be competitive for the federal stimulus funding. Participants discussed ideas for how any future pilot projects could incorporate HIT and what preparation would be needed before any project could be rolled out.

Adjournment

- Dr. Langner thanked participants for their attendance and the meeting was adjourned. The all-Medical Home Stakeholders group will meet March 11 from 2:00-4:00 p.m. in conference rooms 9E and 9F, Landon State Office Building.
